

In order to adhere to the CDC guidelines of social distancing, we have asked those who receive CRA services from other providers to stay home for this upcoming week and not attend our day programs. We will also be limiting visitors to only immediate family at all Hope Haven sites. That includes support coordinators.

For the individuals who live in their family homes, we will continue to support those who have a critical need in our CAG and CLS services. We will be making those plans on an individual basis. If you are not sure what your individual's plan is, please ask.

We will evaluate week-by-week and make phone calls each Friday to every family to assess and inform for the following week.

In the coming days and weeks, we may need to rely on each other in new creative ways, but we will pull together as a family and we will continue to be a partner in ensuring our individuals are taken care of.

We will be in communication every few days and keep you in the loop as our plans are updated.

Thank you for helping us to protect the health and safety of our individuals, staff, and community.

Hope Haven Leadership Team
